Resolution in Support of a Shared Governance Model

New Jersey Institute of Technology’s Student Senate, the only student organization recognized by the University to represent the entire undergraduate student body, is proud to propose the following resolution in support of a shared governance model at our University.

WHEREAS, Article II Section 1.6 of the NJIT Student Senate Constitution states that the Senate “shall express support for the programs and laws on a local, state and national level that would serve to benefit the NJIT undergraduate student body.”

WHEREAS, A University Senate comprised of administration, faculty, staff, students and alumni would ensure fair representation among institution shareholders.

WHEREAS, Participating in a shared governance model would strengthen the Student Senate’s duty to provide students with direct information of activities, policies and decisions affecting them while in attendance at New Jersey Institute of Technology.

WHEREAS, A shared governance model would provide transparency, timely closure on important decisions, and a comprehensive platform for the Student Senate to righteously express the concerns of our constituents.

THEREFORE, BE IT RESOLVED, That the Undergraduate Student Government of the New Jersey Institute of Technology supports a shared governance model at our University.

BE IT FURTHER RESOLVED, That this resolution shall serve as a testimony to display student support and participation in a shared governance model.

BE IT FURTHER RESOLVED, That the NJIT Student Senate looks forward to working with all University stakeholders to ensure proper implementation and success of a shared governance model.
