Purpose of this Document and Elections Committee

The purpose of this document is to govern the practices of participants in the Student Senate elections.

The purpose of the Elections Committee is to manage, support, and administer the Senate Elections. This committee is responsible for reviewing Campaigning Strategies, running the elections table, counting votes, enforcing election rules and regulations, reviewing formal complaints, and distributing election sanction points. The Elections Committee will devise an appropriate system to track and record votes fairly, as well as store the votes overnight locked in a location approved by the Elections Committee.

The Committee is comprised of the Chair of the Elections Committee and graduating Students-at-Large. The Senate President chairs this committee, unless he/she is participating in the election. In such a case, the executive secretary of the Elections Committee resumes the position of Chair, or appoints a member of the committee. The committee upholds the essence of what it means to be a Senator and conducts itself professionally and in an unbiased manner. If a member of the committee is in any way in relation to a candidate (family, close friend, spouse, etc.) the Student Senate is confident that those members will perform their tasks righteously along with the other committee members. The only reason that a member is to be removed from the committees is if there is evidence that he/she has helped a candidate violate the elections rules.
